Allowable Subject Matter

Claims 15-21,23,25,27 and 28 are allowed.

The following is an examiner's statement of reasons for allowance:

The closest reference is Chau for the independent claim 15, with supporting evidence of flux of the membranes provided by Keifer. Chau teaches among others, sulfonic acid treated membranes, but the flux as taught by Chau falls short of the claimed flux of 15 GFD. The Keifer ref provides evidence that the Chau membrane does have fluxes comparable to that of the applicant's membrane. However, Kiefer fails to show whether the Chau membrane tested by Kiefer was sulfonic acid treated or not. Therefore, claim 15 and all other pending claims which depend from claim 15 are allowable.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Krishnan S. Menon whose telephone number is 571-272-1143. The examiner can normally be reached on 8:00-4:30.
